

Monthly Indicators

December 2023

U.S. existing-home sales rose from a 13-year low, climbing 0.8% from the previous month and breaking a five-month streak in which sales declined, according to the National Association of REALTORS® (NAR). Despite the increase, sales were down 7.3% compared to the same period last year, as affordability challenges continue to hinder prospective buyers. Most of this period’s closed sales went under contract in October, when mortgage rates were at a two-decade high. With rates having dropped more than a full percentage point since then, existing-home sales may continue to pick up in the months ahead.

New Listings were down 37.5 percent for single family homes and 3.8 percent for Condo/TIC/Coop properties. Pending Sales decreased 14.7 percent for single family homes but increased 29.5 percent for Condo/TIC/Coop properties.

The Median Sales Price was down 5.7 percent to \$1,450,000 for single family homes but increased 4.9 percent to \$996,500 for Condo/TIC/Coop properties. Months Supply of Inventory decreased 9.1 percent for single family units but was up 20.0 percent for Condo/TIC/Coop units.

Low levels of inventory continue to impact U.S. home sales, offering few options for aspiring buyers to choose from. Going into December there were 1.13 million units for sale, down 1.7% from the previous month but up 0.9% from the same period last year, for a 3.5 months’ supply at the current sales pace. As a result, sales prices remain high nationwide, with NAR reporting the median existing-home price rose 4% annually to \$387,600 as of last measure, the fifth consecutive month of year-over-year price gains. Homebuyer demand is picking up, and without a significant increase in supply, experts believe home prices will likely remain elevated for some time to come.

Housing Affordability Ratio

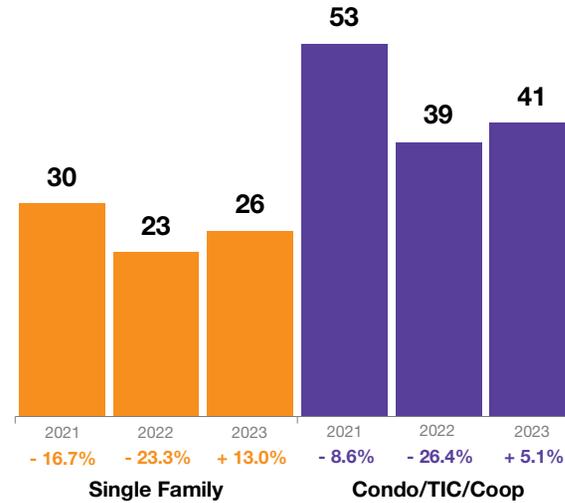

This index measures housing affordability for the region. For example, an index of 120 means the median household income is 120% of what is necessary to qualify for the median-priced home under prevailing interest rates. A higher number means greater affordability.

December

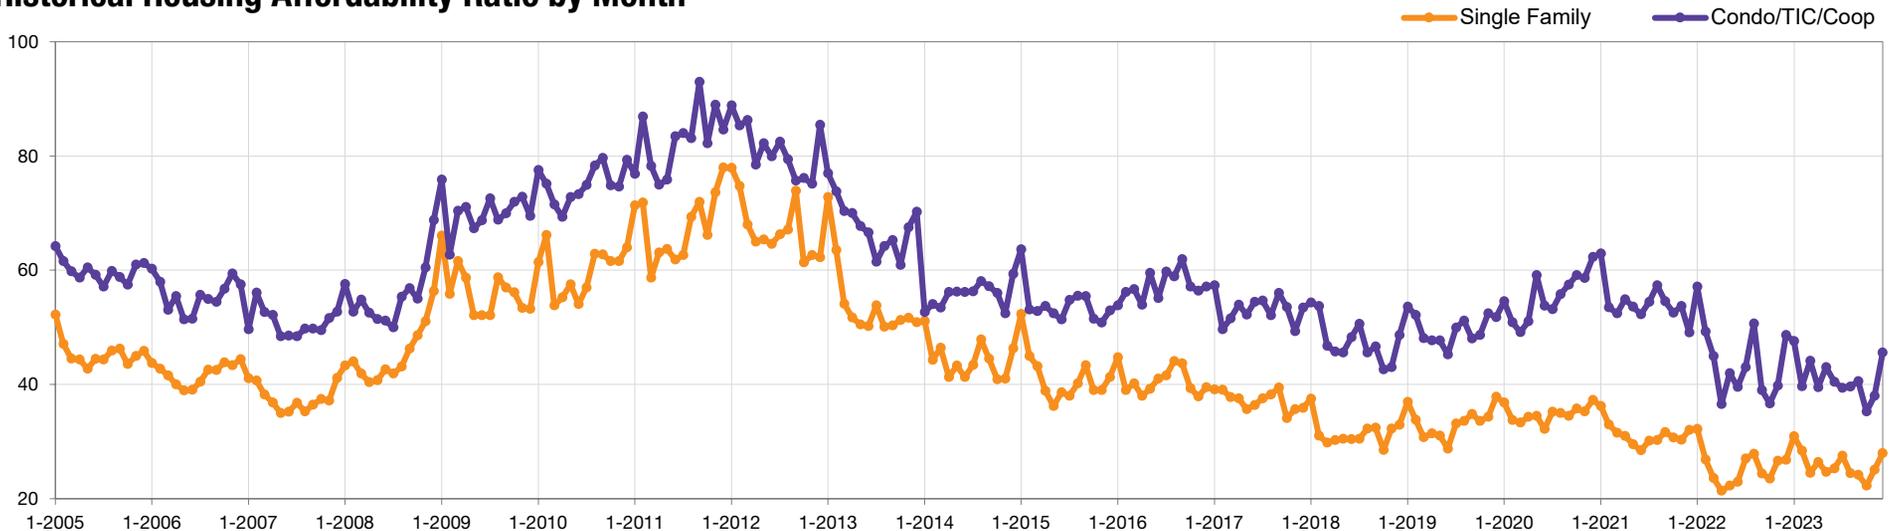

Year to Date

| Housing Affordability Ratio | Single Family | Year-Over-Year Change | Condo/TIC/Coop | Year-Over-Year Change |
